20 min	Strategic Plan 4B	Emailed with agenda to members	<p>4B: “Mancos School District teaching staff use student plans, reflections, assessments and projects to document individual student goals, strengths and areas of growth.”</p> <p>Rubric Standard 1: At Standard</p> <p>Rubric Standard 2: Approaching Standard</p> <p>Standard 2 was created with the intention to express a student’s academic work. Some foreseen problems could possibly be teacher preparation/teaching and technology demands and prior IT knowledge.</p> <p>Secondary is investigating IT platforms that can house these portfolios.</p>	
15 min	Discussion and recommendations	Members	<p>Evidence of learning is valuable!</p> <p>The portfolio can serve as a framework of the 6 Portrait of a Graduate skills that the district strives to have embedded in our curriculum.</p> <p>IT concerns include permanency</p>	

			<p>with platforms the district is investigating.</p> <p>The process might need to be grade specific to help students and teachers streamline portfolios without adding more work to teachers.</p> <p>Student-led Conferences: -Parents like the connection with teachers in addition to student-led conferences. Parents see the inherent value of parent conferences and would like these to continue to be a part of our school culture.</p> <p>The DAC is in agreement that 2 conferences per year is necessary for student/parent involvement.</p>
