

Mancos School District Advisory Accountability Committee

10/13/16

In attendance: Brian Hanson, Emily Brown, Tomena Goodwin, Cathy Epps, Theresa Oakes

Agenda Topics

- **BOE Agenda**
 - Reviewed the architectural changes discussed impacting the campus for the BEST grant. Recently reviewed by architect, staff, Claire Martinez for input.

- **GOCO Schoolyard Initiative**
 - Cathy Epps shared update on the status of the initiative and the team participation from students, staff etc.
 - Town Board has voted and approved their support of the project.
 - Will need 10 letters of support from community resources in future. Community presentation will happen in November. Accountability community could present a letter in support if they chose.
 - Fundraising needs will still have to be met, could come from PTA efforts, kids fundraising etc.
 - Will need to likely incorporate move of the garden area to lot across the river, and somehow put a foot bridge in place for access.

- **Innovative status application**
 - Submitted with two corrections to the application:
 - Licensure language clarified/corrected and the scoring system for teacher evaluations was changed.

- **SRO/armed security on campus**
 - This has been tabled for the time being. No further discussion has been had due to the Board being tied up on the BEST and GOCO items.

It was brought to our attention that there are a few board meetings during the school year that are scheduled on Monday's wherein school is not in session. A new meeting schedule will be agreed upon and shared. Accountability meetings will then be adjusted according to that new schedule, remaining the Thursday before each meeting.
